SUSTAINABLE MATERIALS

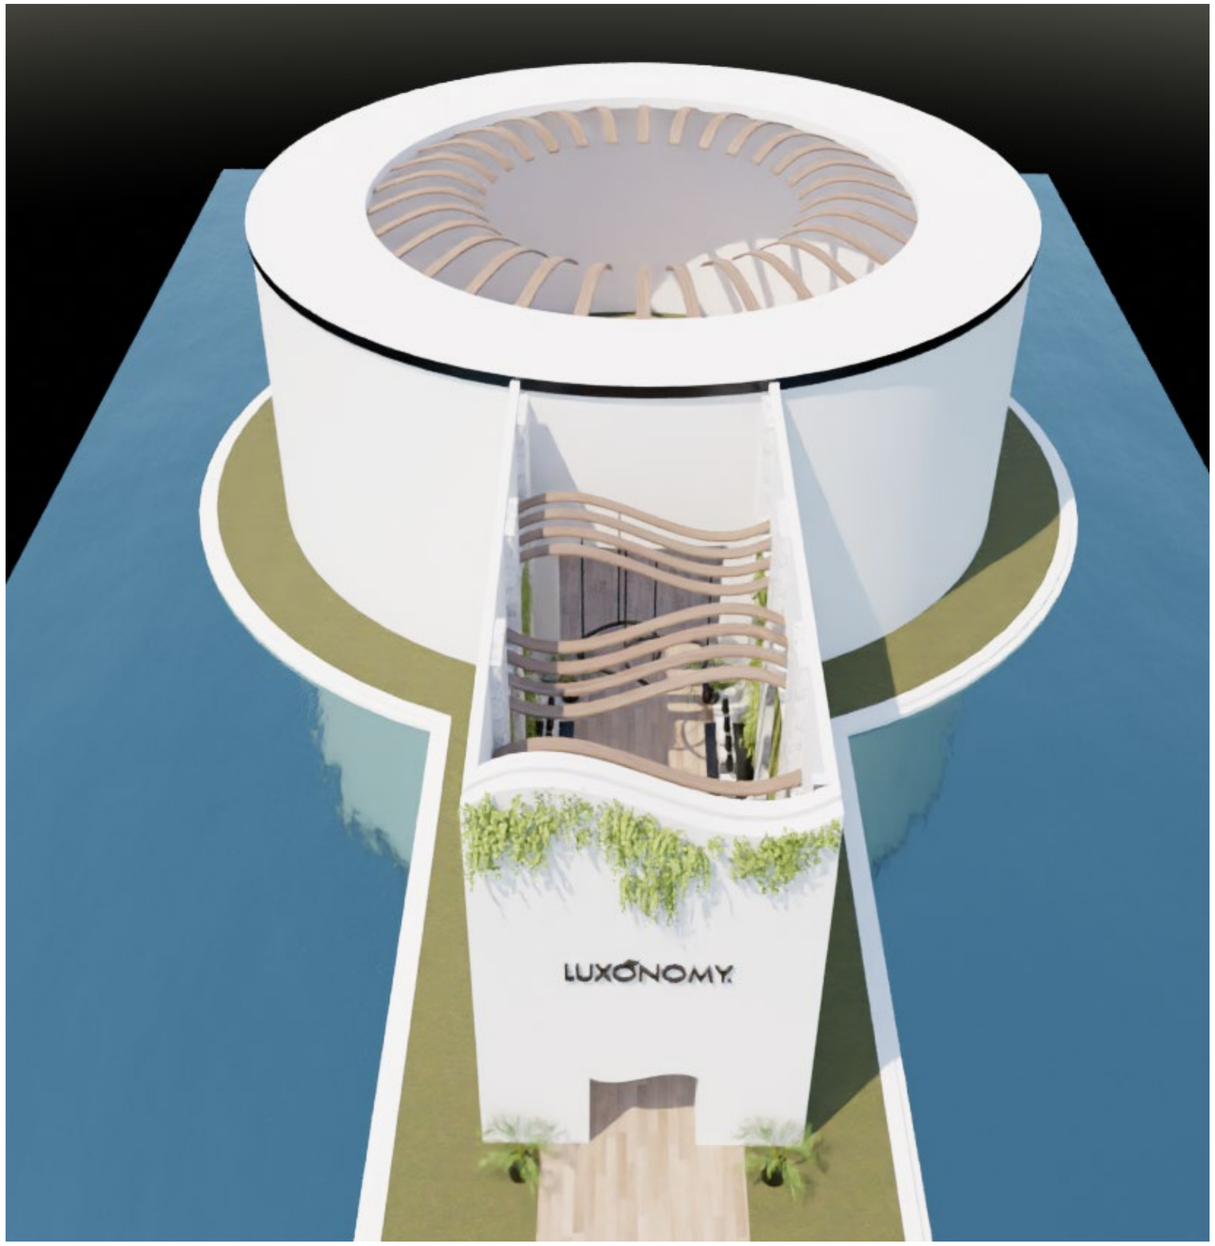
This model has only sustainable materials in the whole structure.
It is composed by a corridor withs spaces for exposition and a large circuar room on the centre. This photo shows the front view, with LUXONOMY logo and falling ivy from the roof.

SUSTAINABLE DESIGN

This projet is going to the sustainable way. All interior design will be made by ECO materials.

SELLING

You can sell any product in 3D, NFTs or plain image or vídeo, all of them linked to your shop or website.

READY FOR SPATIAL.IO


Innovative, intuitive and photorealistic, the Spatial Web3 platform helps individuals and brands to create and curate their own 3D spaces in the metaverse, to build and interact with their community and to sell. We offer your first shop store in the Metaverse.
